

INTERNATIONAL MEETING

VEIN IN VENICE

10 - 11 April 2026

PROGRAM

SCIENTIFIC COMMITTEE

Co-Chair: L. Palombi, F. Martinelli

Angiology and Phlebology Department - Villa Salus Hospital (Mestre)

Board: R.R. Carvajal, L. Kabnick, E. Mendoza, M.S. Whiteley

With the patronage of

WELCOME TO VEIN IN VENICE

This conference was born and evolves in the wake of previous events entitled **Outpatient Surgical Technical Notes in the Treatment of Venous Insufficiency – Editions I and II**.

Vein in Venice (veininvenice.com, [linkedin.com/in/vein-in-venice-symposium](https://www.linkedin.com/in/vein-in-venice-symposium)) is now in its **third edition**. Begun as an international meeting point for **specialists in phlebology and vascular surgery**, *Vein in Venice* has grown over the years to become a reference event for those dealing with *venous and lymphatic diseases*. The symposium's **mission** is to promote the exchange of knowledge, scientific development, and the building of collaborations between experts from around the world. The **vision** is to **create a global community** capable of addressing the future challenges in the diagnosis and treatment of venous and lymphatic diseases in an innovative and multidisciplinary manner. The new location, the iconic **Palazzo del Casinò on the Venice Lido**, offers a prestigious and symbolic setting: the historic home of the *Film Festival* opens to science, welcoming speakers and participants in a unique and inspiring context. The *Vein in Venice* panel brings together internationally renowned **experts**, recognized **leaders** in their fields, who share experiences, clinical cases and cutting-edge research results. The symposium is aimed at *physicians, vascular surgeons, phlebologists, lymphologists, radiologists, angiologists*, and all professionals interested in *venous and lymphatic diseases*. Its strength lies in its **interactivity**: alongside keynote lectures, ample time is dedicated to practical workshops, discussion sessions, and direct discussions with experts, making the experience highly educational and engaging. Thanks to the scientific quality, the prestige of the faculty, and the unique setting of Venice, *Vein in Venice* is now considered an **unmissable event** for those working in this field.

GENERAL INFORMATION

GENERAL INFORMATION

CONGRESS VENUE

Palazzo Del Casinò

Lungomare Guglielmo Marconi 4, Lido di Venezia

Consorzio di promozione "Venezia e il suo Lido"

Tel. +39 041 86 27 117

Mail. info@visittido.it

The *Palazzo del Casinò*, located on the *Venice Lido*, is one of the **most iconic and prestigious venues** in the city. Its history is closely linked to the *Venice International Film Festival*. The spacious halls, marble finishes, and terraces overlooking the lagoon offer a unique atmosphere. This setting makes the *Palazzo del Casinò* not only a functional conference center, but also a place capable of **inspiring** and **enhancing** every scientific and cultural meeting.

REGISTRATION FEES

The organizers of the **3rd edition** of this **international event** have established:

Participation fee (22% VAT included):

- **€366,00** Late Registration (*from January 1, 2026*)
- **€380,00** Remote Participation (*only the Plenary Session will be available*)

for **Registration** and **Payment Methods** please visit: veininvenice.com

CME CREDITS

Vein in Venice has requested **European Credit Accreditation** for the **Congress Plenary Sessions**.

OFFICIAL LANGUAGE

The official language of the Congress is **English**.

Simultaneous translation (*English–Italian and Italian–English*) will be provided.

PROVIDER AND OPERATIVE SECRETARIAT

G.C. CONGRESSI

Via P. Borsieri 12 - 00195 Roma

Tel. 06 37 29 466 | Mail. segreteria@gccongressi.it

Società certificata con sistema di qualità **UNI EN ISO 9001:2008 n. IT-46947**

SCIENTIFIC SECRETARIAT

veininvenice@gmail.com

CLOAKROOM

A guarded cloakroom service is available in the room to the left of the entrance to the **Meeting Room PERLA**.

HOTEL RESERVATION

To choose the hotel for your stay, book and pay for the rooms, connect with <https://www.visitlido.it/tosc/VEININVENICE2026/#/accommodations>

EXHIBITION AREA

There will be a large exhibition area that will allow participants to learn about the main products and devices designed for the treatment of venous disease.

HOW TO REACH THE CONGRESS VENUE

• FROM VENICE MARCO POLO AIRPORT

follow the directions and take the **ALILAGUNA water shuttle blue line**, which goes directly to the Lido.

- Tickets:

ALILAGUNA ticket office in the arrivals/departures area of *Marco Polo Airport* before boarding. The cost is higher if purchased on board.

- Lido stop:

The most common stop is **Lido S. Maria Elisabetta** (*S.M.E.*).

• FROM SANTA LUCIA RAILWAY STATION

the best option is to take the **ACTV water shuttle line 5.1**: it's the most direct and fastest (*about 35-45 minutes*).

- Stop:

Santa Maria Elisabetta (*S.M.E.*), in the heart of the Lido.

How to get to the **Line 5.1** landing stage:

Follow the signs for the vaporetto landing stages (*Approdi*): they are near the train station.

- Tickets:

Purchase the **ACTV line 5.1 ticket** (*single or day/multi-day*) at the **ACTV ticket office** before boarding. The cost is higher if purchased on board.

- Lido stop:

The most common stop is **Lido S. Maria Elisabetta** (*S.M.E.*)

AIRPORT SECRETARIAT

On **April 9 2026**, from 9:00am to 10:30pm, two representatives from the Congress Secretariat will be present at the arrival area of the airport to provide information.

HOW TO LEAVE LIDO DI VENEZIA

Departure from **Santa Maria Elisabetta** (*S.M.E.*) for the station and/or airport according to the timetables available at the *Reception*.

DAY 1

10 April 2026

Sessions:

- 01.** Chronic Venous Disease: we need to delve deeper!
- 02.** 2026 ERA in the Surgical Management of Deep Vein System and Pelvic Veins Disease
- 03.** Sclerotherapy: let's try to standardize the treatment!
- 04.** Thermal Ablation for Varicose Vein Treatment
- 05.** Non-Thermal ablation & HIFU for Varicose Vein Treatment

PLENARY SESSION (Room Perla)

h. 08.30 General Registration
Faculty Registration

Opening Ceremony

R.R. Carvajal, L. Kabnick, F. Martinelli, E. Mendoza, L. Palombi, M.S. Whiteley

h. 09.15-11.00

Session 1

Chronic Venous Disease: we need to delve deeper!

President: **L. Palombi** (Mestre - Italy)

Moderators: **P.L. Antignani** (Rome - Italy), **C. Hamel-Desnos** (Paris - France)

- New Perspectives on Micronised Purified Flavonoid Fraction in Chronic Venous Disease: From Microvalves to Clinical Effectiveness
M. Lugli (Modena - Italy)
- The role of Bromelain and Liposomal Vitamin C in the treatment of Chronic Venous Disease
A. Visonà (Treviso - Italy)
- The Microbiota: does it play a role in CVD?
P.L. Antignani (Rome - Italy)
- Chronic Venous Disease and Diabetic Microangiopathy: pathophysiology and commonalities
G. Gastaldi (Geneva - Switzerland)
- The role of endothelial inflammation on cardiovascular impact of Chronic Venous Disease
A.S. Lensele (Paris - France)
- Clinical evidence and rationale of Mesoglycan to treat Chronic Venous Disease and hemorrhoidal disease: a narrative review
G. Camporese (Padua - Italy)
- Chronic venous insufficiency in heart failure: exploring a reciprocal influence on cardiovascular health
E. Natale (Rome - Italy)
- Cellular senescence at the saphenofemoral junction in patients with healthy, primary varicose and recurrent varicose veins
D. Mühlberger (Selbstständig - Austria)

- Low-dose of direct oral anticoagulants for secondary prevention in patients at high risk for recurrence due to history of recurrent venous thromboembolic events or to severe thrombophilia: a retrospective analysis of the Italian START2 Registry

R. Parisi (Venice - Italy)

- Does Artificial Intelligence Bring New Insights in Diagnosing Phlebological Diseases? A Systematic Review

S.C. Matei (Timișoara - Romania)

Coffee Break

h. 11.30-13.30

Session 2

2026 ERA in the Surgical Management of Deep Vein System and Pelvic Veins Disease

President: **R.R. Carvajal** (Marbella - Spain)

Moderators: **D. Baccellieri** (Milan - Italy), **M. Dumantepe** (Istanbul - Turkey),

H. Jalaie (Berlin - Germany)

PART 1: EVIDENCE

- Endovascular treatment of Deep Vein Thrombosis. Evidence and controversies
E. Avgerinos (Athens - Greece)
- Current evidence in chronic occlusive venous disease. Where are we and where should we go?
M. Lugli (Modena - Italy)
- Last generation venous stents: evidence, indications and patient selection criteria
R. K. Tripathi (Brisbane - Australia) video presentation
- Current management of pulmonary embolism: indications and treatment options
M. Dumantepe (Istanbul - Turkey)
- Discussion: Lead Discussant
H. Jalaie (Berlin - Germany)

PART 2: TECHNICAL

- My strategy in pelvic vein insufficiency: compression vs primary incompetence, which first?
R.R. Carvajal (Marbella - Spain)
- How I treat acute Deep Vein Thrombosis: step-by-step algorithm
D. Baccellieri (Milan - Italy)

- Inferior Vena Cava chronic occlusions. Tips & tricks for a successful approach
H. Jalaie (Berlin - Germany)
- Where Venous Compression meets systemic dysfunction: crossroads of Venous Congestion, Intracranial Pressure and Autonomic Regulation
K. Kurtis (Baltimore - USA)
- Final Discussion: Lead Discussant
E. Avgerinos (Athens - Greece)

Lunch Break

- h. 13.30-14.00** Hands-on venous stenting: Case-Based WORKSHOP (NO CME)
H. Jalaie (Berlin - Germany)

- h. 14.15-15.45** Session 3
Sclerotherapy: let's try to standardize the treatment!

President: **L. Kabnick** (Morristown - USA)

Moderators: **G. Alongi** (Messina - Italy), **P. Valle** (Rome - Italy)

- The Role of Sclerotherapy in Venous Disease: Master Lecture (15 minutes)
L. Tessari (Verona - Italy)
- GSV and SSV treatment: What does the literature and guidelines tell us about diameters and volumes?
L. Santoro (Rome - Italy)
- The VD(L) system for the standardization of saphenous treatments
A. Frullini (Florence - Italy), *online presentation*
- Automated devices
E. Roche (Barcelona - Spain)
- Automated device in varicose vein treatment : are they a real alternative to ultrasound – guided physician compounded foam sclerotherapy?
A. Monfreux (Toulouse - France), *online presentation*
- Hemorrhoidal pathology: we can develop a protocol on when to treat with sclerotherapy and when not
M. Ronconi (Brescia - Italy)
- Post-treatment directions: is there really clarity on what to do?
D. Guarnaccia (Naples - Italy)
- Sclerotherapy with tourniquet: What are the advantages?
V. Canata (Asunción - Paraguay)

**h. 15.45-
17.45**

Session 4

Thermal Ablation for Varicose Vein Treatment

President: **F. Martinelli** (Mestre - Italy)

Moderators: **E. Mendoza** (Wunstorf - Germany)

- Results from TOTEM trial
L. Palombi (Mestre - Italy)
- Laser Flush ligation: indications and results
L. Velička (Kaunas - Lithuania)
- Comparative results between endovenous laser ablation (EVLA) with 1940nm versus EVLA with 1470nm for treatment of varicose veins
J. Szczepansky (Torun - Poland)
- Late pulmonary embolism after endovenous thermal ablation
M. Greco (Reggio C. - Italy)
- Comparing venous wall effects using the empty vein ablation technique with VELEX catheter, endovenous laser ablation and foam sclerotherapy in an animal model
M. Salerno (Milan - Italy)
- Early outcomes of the Third-generation of Closure Fast Radiofrequency ablation for great saphenous vein reflux
D. Baccellieri (Milan - Italy)
- Complications of endovenous thermal ablation
L. Kabnick (Morristown - USA)
- A review of clinical efficacy, safety, and quality of life of Microwave ablation of saphenous vein insufficiency
M.S. Whiteley (London - UK)
- To treat or not to treat competent AASV alongside with refluxive GSV?
T. Hirsch (Halle - Germany)
- Refined Delivery of Tumescant Anesthesia in Endovenous Laser Ablation Using a Blunt Multi-Side-Hole Liposuction Cannula
T. Massimi (Washington - USA)
- Characteristics and Innovation Path of Radiofrequency Devices for Varicose Veins in China
J. Wang (Guangdong - China)

**h. 17.45-
19.20**

Session 5

Non-Thermal ablation & HIFU for Varicose Vein Treatment

President: **M.S. Whiteley** (London - UK)

Moderators: **D. Bissacco** (Milan - Italy), **T. Urbanek** (Katowice - Poland)

- Use of non rotational mechanochemical-based ablation in patients with chronic venous ulceration - first real-life data analysis of hemodynamic and clinical effectiveness
M. Maga (Krakow - Poland)
- Real-World Safety and Efficiency of Treating Varicose Veins with Cyanoacrylate Glue
D. Kontothanassis (Padua - Italy)
- Vein diameter, obesity, and rates of recanalization after Mechanochemical Ablation
M. Mirandola (Peschiera del Garda, VR - Italy)
- A systematic review of mechanochemical endovenous ablation using Flebogrist for varicose veins
T. Urbanek (Katowice - Poland)
- Contemporary management of incompetence of the small saphenous vein in the light of the recent results of the FOVELASS study
C. Hamel-Desnos (Paris - France)
- HIFU: patient selection criteria
R.R. Carvajal (Marbella - Spain)
- Comparing anesthesia protocols in high intensity focused ultrasound treatments: The HIFU-pain study
P. Casoni (Parma - Italy)
- Efficacy and Safety of Glue: Real World Venaseal ablation outcome for symptomatic saphenous incompetence
M. Mirandola (Peschiera del Garda, VR - Italy)
- What are the new devices in the Non Thermal Family
L. Kabnick (Morristown - USA)

DAY 2

11 April 2026

Sessions:

- 06.** Pelvic Vein Disorders (*PVD*)
- 07.** A new ERA in the Diagnostics of CVD, Lymphatic Disease and Lipedema
- 08.** Aesthetic Treatment
- 09.** Recurrent Varicose Veins Treatment-Perforators

PLENARY SESSION (Room Perla)

**h. 09.00-
11.00**

Session 6

Pelvic Vein Disorders (PVD)

President: **M.S. Whiteley** (London - UK)

- Introduction and new challenges in PeVD/PCS
M.S. Whiteley (London - UK)
- POTS, Orthostatic Intolerance, Stents and Coils - New Concepts in PEVD/PCS
S. Smith (Surprise, Arizona - USA)
- Clinical aspects of Pelvic Congestion Syndrome
P.L. Antignani (Rome - Italy)
- POTS and Iliac Vein Stenting
A. Cutchins (New York City - USA)
- PCS/PeVD and Pelvic Pain - View from a Gynaecologist
S. Strong (London - UK) *video presentation*
- Compression v Reflux in PeVD/PCS - my experience
T. Scholbach (Leipzig - Germany)
- Single Cuff Air-Plethysmography as a functional test for May-Thurner and Non-Thrombotic Iliac Vein Lesions
C. Lattimer (London - UK)
- Compression of the Iliac Vein is a normal finding on CT in your adults
W. Marston (Chapel Hill, North Carolina - USA) *video presentation*
- Pseudo May-Thurner and pseudo-nutcracker - what Duplex tells us about compression and function
J. Derry (London - UK)
- Update on Male PeVD/PCS
A. Pankhania (Guildford - UK)
- Panel Discussion

Coffee break

**h. 11.30-
13.20**

Session 7

A new ERA in the Diagnostics of CVD, Lymphatic Disease and Lipedema

President: E. Mendoza (Wunstorf - Germany)

Moderators: R.P. Sandeep (Katmandu - Nepal),

J. Szczepansky (Torun - Poland)

- Venous DUS: Beyond the GVS and SSV there is much more to evaluate!
E. Mendoza (Wunstorf - Germany)
- Dynamic-DUS: what are we talking about?
L. Palombi (Mestre - Italy)
- AI-guided deep vein thrombosis diagnosis with ultrasound
E. Avgerinos (Athens - Greece)
- Thermal imaging as a diagnostic tool for superficial venous insufficiency, a systematic review
A.H. Davies (London - UK)
- Venous duplex ultrasound protocol for ilioacaval disease
J. Sloves (New York - USA)
- Pelvic venous reflux in males with varicose veins and recurrent varicose veins
J. Holdstock (London - UK)
- DUS Evaluation in Lymphatic Disease: What to look for?
A. Macciò (Savona - Italy)
- DUS: Are there pathognomonic signs in Lypedema?
A. Mander (Rome - Italy)
- 5G-based robot-assisted remote ultrasound in vascular disease: a new era is coming!
E. Cervi (Brescia - Italy)
- Underwater Sonography of Leg Veins
A. Caggiati (Rome - Italy)
- Venous intima-media thickness increases both in deep and superficial systems in patients with great saphenous vein reflux
D. Kontothanassis (Padua - Italy)

Lunch Break

**h. 14.00-
15.50**

**Session 8
Aesthetic Treatment**

President: A.H. Davies (London - UK)

Moderators: C. Baraldi (Catanzaro - Italy), L. Velička (Kaunas - Lithuania)

- Dermatophlebology: Understanding dermal responses to venous disease
A. Caggiati (Rome - Italy)
- Is there still a role for ambulatory phlebectomy?
G. Stalnikiewicz (Wambrechies - France)
- Secondary thigh telangiectasias after ablation (laser or foam): how to treat?
G. Alongi (Messina - Italy)
- Cryo-laser cryo-sclerotherapy (CLaCS) in lower limb venous aesthetic treatment
O. Gaspar (Coimbra - Portugal)
- Treatment of enlarged supratrochlear vein of the forehead with endovenous laser ablation
M.S. Whiteley (London - UK)
- Avoiding Complications in the Aesthetic Treatment of Leg Veins
R.P. Sandeep (Katmandu - Nepal)
- Image-Guided Treatments for Reticular Veins: Raising the Standard
E. Cervi (Brescia - Italy)
- Meta-Analysis and Living Meta-Analysis of Non-Compounded Polidocanol 1% Endovenous Microfoam (Varithena™) Vs Thermal Ablation
L. Kabnick (Morristown - USA)
- Sclerotherapy for the treatment of spider-veins with automated device: Tips and Tricks
M. Afşar (Izmir - Turkey)
- Tumescant-assisted sclerotherapy for aesthetic and varicose vein treatment
T. Urbanek (Katowice - Poland)
- Technical notes and management of facial and hand veins
A. Jaworucka Kaczorowska (Gorzów Wielkopolski - Poland)

**h. 15.50-
18.00**

**Session 9
Recurrent Varicose Veins Treatment-Perforators**

President: J. Wong (Singapore)

Moderators: T. Castrucci (Rome - Italy), C. Hamel-Desnos (Paris - France)

- Radiofrequency ablation of the great saphenous vein in the treatment of recurrent varicose veins
G. Malchiodi (*Reggio Emilia - Italy*)
- Efficacy of Sclerosing Foam combined with Endovenous Laser Treatment for Recurrent Varicose Veins
C. Baraldi (*Catanzaro - Italy*)
- Why Venous Leg Ulcers have difficulty healing? Overview on Pathophysiology
F. Mannello (*Urbino - Italy*)
- Phlebectomy versus Sclerotherapy in Recurrent Varicose Vein
P. Pavei (*Padua - Italy*)
- UGFS for Venous Leg Ulcer
V. Ferreira (*Lisbon - Portugal*)
- HIFU for Recurrent Varicose Veins
E. Nanni (*Parma - Italy*)
- Does ablation of non-incompetent veins in the leg reduce recurrence?
M. Lugli (*Modena - Italy*)
- Treating Popliteal Fossa Perforating Vein Varicosis with Endovenous Laser Ablation
F. Martinelli (*Mestre - Italy*)
- Could functional repair of the great saphenous vein by external valvuloplasty reduce the risk of recurrence?
D. Mühlberger (*Selbstständig - Austria*)
- Cyanoacrylate occlusion as a versatile method in the treatment of varicose recurrence
K. Bozkurt (*Istanbul - Turkey*)
- Tailoring is always the best choice!
D. Kontothanassis (*Padua - Italy*)
- Pharmacological adjuncts for chronic venous ulcer healing: a systematic review
A. H. Davies (*London - UK*)
- A new approach to the pathophysiology and function of incompetent perforator veins
M.S. Whiteley (*London - UK*)

h. 18.00

Closing Ceremony

WORKSHOPS

WORKSHOPS DAY 1 (Room Volpi)**h. 10.00-
11.00****NON-THERMAL PROCEDURES***President: F. Martinelli (Mestre - Italy)**Moderators: T. Castrucci (Rome - Italy)***RECORDED CASES PRESENTATION:**

- Non-rotational MOCA
T. Urbanek (Katowice - Poland)
- Glue Occlusion
K. Bozkurt (Istanbul - Turkey)
- Rotational MOCA
F. Martinelli (Mestre - Italy)
- Glue Direct puncture for the treatment of recurrent varicose veins
D. Kontothanassis (Padua - Italy)
- ScleroSafe Device
L. Kabnick (Morristown - USA)

**h. 11.00-
12.00****VEIN IN VENICE AND VEIN AND LYMPHATIC UNIVERSITY***President: L. Kabnick (Morristown - USA)**Moderators: V.M. Canata (Asunción - Paraguay)*

- Perforators and Glue: efficacy and complications
K. Bozkurt (Istanbul - Turkey)
Discussant: L. Palombi (Mestre - Italy)
- Grey Zones in endothermal ablations
D. Kontothanassis (Padua - Italy)
Discussant: G. Stalnikiewicz (Wambrechies - France)
- Prophylaxis after Varicose Vein Surgery
A.H. Davies (London - UK)
Discussant: T. Urbanek (Katowice - Poland)

- What do we know: EHIT, EFIT, EGIT, EHIFU, EMOCA?
L. Kabnick (Morristown - USA)
Discussant: Raj P. Sandeep (Katmandu - Nepal)
- Why use HIFU (Thermal)
P. Casoni (Parma - Italy)
Discussant: M.S. Whiteley (London - UK)
- Effective prophylaxis of visual and neurological disturbances with an anti-endothelin drug
A. Frullini (Florence - Italy) online presentation
Discussant: E. Mendoza (Wunstorf - Germany)

**h. 14.00-
15.00**

ENDOVASCULAR MANAGEMENT OF DVT-DEEP VEIN THROMBOSIS

President: R.R. Carvajal (Marbella - Spain)

Moderators: D. Baccellieri (Milan - Italy), **M. Lugli** (Modena - Italy)

RECORDED CASES & FACULTY:

- TEP/DVT pregnancies
M. Dumantepe (Istanbul - Turkey)
- General considerations in treatment of acute iliofemoral / caval DVT
H. Jalaie (Berlin - Germany)
- Ilio-femoral thrombosis
D. Baccellieri (Milan - Italy)
- In-stent thrombosis
E. Avgerinos (Athens - Greece)
- Venous Thoracic Outlet Syndrome (VTOS)
R.R. Carvajal (Marbella - Spain)

**h. 16.00-
17.00**

SCLEROTHERAPY

President: **J. Wong** (Singapore)

Moderators: **V. Ferreira** (Lisbon - Portugal)

RECORDED CASES PRESENTATION:

- **G. Alongi** (Messina - Italy)
- **E. Roche** (Barcelona - Spain)
- **A. Frullini** (Florence - Italy) online presentation
- **R.R. Carvajal** (Marbella - Spain)
- **V. Ferreira** (Lisbon - Portugal)

WORKSHOPS DAY 2 (Room Volpi)

**h. 09.00-
10.00**

VASCULAR DUPLEX ULTRASOUND

President: **E. Mendoza** (Wunstorf - Germany)

Moderators: **A. Jaworucka Kaczorowska** (Gorzów Wielkopolski - Poland)

- DUS assessment of the superficial venous circulation of the lower limbs:
Let's meet the standards!
E. Mendoza (Wunstorf - Germany)
- 5G-based robot-assisted remote ultrasound
E. Cervi (Brescia - Italy)
- Trans-vaginal and trans-abdominal duplex for the full assessment of PCA/PeVD
J. Holdstock (London - UK)
- Standards for abdominal venous evaluation with DUS
J. Sloves (New York - USA)
- Correct DUS assessment of pelvic Escape Points
A. Jaworucka Kaczorowska (Gorzów Wielkopolski - Poland)

**h. 10.00-
11.00**

TOTAL EVLA

President: **L. Palombi** (Mestre - Italy)

Moderators: **J. Szczepansky** (Torun - Poland),
V.M. Canata (Asunción - Paraguay)

RECORDED CASES PRESENTATION:

- **P. Marciniuk** (Sopot - Poland)
- **L.A. Moreno** (Mexico City - Mexico)
- **L. Palombi** (Mestre - Italy)
- **F. Mamprim** (Sao Paulo - Brazil)
- **L. Velička** (Kaunas - Lithuania)

**h. 11.30-
12.30**

VEIN IN VENICE AND ACTA PHLEBOLOGICA

President: **P.L. Antignani** (Rome - Italy)

Moderators: **D. Bissacco** (Milan - Italy)

LECTURES:

- ACTA Phlebologica: Shaping Global Perspective in Venous C Lymphatic Medicine
P.L. Antignani (Rome - Italy)
- Rethinking “venous pain” and venous symptoms in varicose vein disorders
D. Bissacco (Milan - Italy)

TOPICS SELECTED FROM PUBLICATIONS ON ACTA PHLEBOLOGICA:

- Endovascular treatment of hemorrhoids with foam sclerotherapy: a new outpatient strategy for hemorrhoidal disease using automated microfoam preparation system
M. Ronconi (Brescia - Italy)
- Endovenous laser ablation in treating perforating veins: technical notes and 1-year outcomes
C. Baraldi (Catanzaro - Italy)

- The evolving world of phlebology in 2024
V.M. Canata (*Asunción - Paraguay*)
- 3D and Smart Foam, new avenues to explore, to improve the safety and effectiveness of ultrasound guided foam sclerotherapy
M. Sica (*Paris - France*) *online presentation*
- Great saphenous vein giant aneurysm
S.C. Matei (*Timișoara - Romania*)

**h. 14.00-
15.00**

LYMPHATIC

President: **A. Macciò** (*Savona - Italy*)

Moderators: **E. Mendoza** (*Wunstorf - Germany*)

LECTURES:

- New tool for better outcomes
A. Macciò (*Savona - Italy*)
- As well as validation of different methods to quantify lipedema and lymphedema with objective measurements
E. Mendoza (*Wunstorf - Germany*)
- Robotic Surgery in severe Lymphedema
A. Piperno (*Rome - Italy*)
- Duplex Evaluation in Lymphatic Disease
J. Sloves (*New York - USA*)

INDUSTRY SESSION

DAY 2 (*Room Volpi*)

**h. 12.00-
13.00**

WORKSHOP: MVC and Endothelial Protection (NO CME)

- CVD and local and systemic inflammation: the importance of endothelial protection and the correlation between CVD and cardiovascular disease
A. Santoliquido (*Rome - Italy*)

**h. 13.30-
14.00**

LUNCH SESSION

- Hands-on venous stenting: Case-Based WORKSHOP (NO CME)
H. Jalaie (*Berlin - Germany*)

**DIRECTIONS
TO REACH
THE LIDO DI
VENEZIA
FROM
MARCO POLO
AIRPORT**

Below you will find detailed instructions on how to reach the **Lido di Venezia from Venice Marco Polo Airport** using water transportation (*public or private*).

HOW TO REACH THE WATER TRANSPORT DOCK

1. Upon exiting the “Arrivals” area of the airport, take the escalators up to the 1st floor.

2. Proceed toward the security checkpoints and pass through them.
3. After the security area, you will see a large sign in front of you reading “Water Transport”.

4. Follow the signs to the dock:

- walk along the moving walkway;
- continue via the escalator or take the elevator down to the lower level.

5. Once at the dock level, follow the signs for **Alilaguna** (public water transport).

You will arrive directly at the dock where both public and private boats depart for **Venice** and the **Lido**. At the dock you will find the boats of the public **Alilaguna** service.

We recommend checking the updated schedules (*attached*) and selecting the most convenient line to reach the **Lido di Venezia**.

BLUE LINE ALILAGUNA
