

Vein in Venice 2024

International Meeting

Mestre, NH Venezia Laguna Palace, April 19-20, 2024

PROGRAM

Friday, April 19

Meeting Room 4

h. 8.00 General Registration

h. 8.00 Faculty Registration

h. 9.00 Opening - Institutional greetings

P.G. Bianchi, L. Palombi, F. Martinelli, S. Giancesini

h. 9.30 – 11.00

SESSION 1

Tumescent Thermoablative Treatment

President: **S. Giancesini** (*Ferrara*)

Moderators: **L. Palombi** (*Mestre-Venice*), **P. Pavei** (*Padova*)

○ Laser 1900 nm: short-mid-term results

○ Laser&Ultrasound Guided Foam Sclerotherapy: is it the best combination? **C. Baraldi** (*Catanzaro*)

○ The Total EndoVenous Laser Ablation concept

○ Laser Crossectomy: what are the advantages?

○ Radiofrequency Ablation in 2024

○ Microwave: what are the advantages and results?

10.30 – 11.00 *Discussion*

h. 11:00 – 11:30 *Coffee break*

F. Martinelli (*Mestre-Venice*)

L. Palombi (*Mestre-Venice*)

M. Lawaetz (*Copenhagen-DK*)

M. Greco (*Reggio Calabria*)

M. Whiteley (*London-GB*)

11.30 – 12.45

SESSION 2

Non-Tumescent Treatment: Glue Occlusion

President: **L. Tessari** (*Peschiera del Garda-VR*)

Moderators: **P.G. Bianchi** (*Mestre-Venice*), **M. D'Orazio** (*Pescara*)

Cyanoacrylate Glue Occlusion: long or rapid time of polymerization? The clinical point of view

○ Perforator Glue Occlusion (*P.G.O.*)

○ Tessari's Technique FOAM-GLUE SYRINGE: a new device

○ Treatment of short saphenous vein (SSV) with Cyanoacrylate Glue Occlusion

12.15 . 12.45 *Discussion*

R. Chiappa (*Roma*)

P.G. Bianchi (*Mestre-Venice*)

L. Tessari (*Peschiera Garda-VR*)

B. Ziani (*Mestre-Venice*)

12.45– 13.45

SESSION 3

Non-Tumescent Treatment: MOCA (*Mechanical Chemical Ablation*) **and UGFS** (*Ultrasound Guided Foam Sclerotherapy*)

President: **M. Mirandola** (*Peschiera del Garda-VR*)

Moderators: **L. Tessari** (*Peschiera Garda-VR*), **F. Martinelli** (*Mestre-Venice*)

- Rotational mechanical-chemical ablation: mid – long term results

M. Mirandola (*Peschiera Garda-VR*)

- Non-rotational mechanical-chemical ablation: what about the results?

M. D’Orazio (*Pescara*)

- Sclerotherapy with catheter (Cath-Foam)

M. Gallucci (*Rome*)

- Ultrasound Guided Foam Sclerotherapy with specific device

E. Roche (*Barcelona-ES*)

13.15 – 13.45 *Discussion*

h. 13:45 - 14:30 Lunch time

14.30 – 16.00

SESSION 4

Pharmacological therapy in Chronic Venous Disease

President: **K. Bozkurt** (*Istanbul-TR*)

Moderators: **E. Mendoza** (*Wunstorf-D*), **R. Parisi** (*Venice*)

- Superficial Vein Thrombosis Management

P.L. Antignani (*Rome*)

- Clinical efficacy of Mesoglycan on the endothelial defunction in the treatment of Chronic Venous Diseases

D. Kontothanassis (*Padua*)

- Endothelial defunction in Chronic Venous Disease: how to modulates inflammatory pathways?

F. Mannello (*Urbino*)

- Endothelial defunction in Chronic Venous Disease. How Glycosaminoglycan Sulodexide modulates inflammatory pathways? Clinical Point of view

R. Parisi (*Venice*)

- Link on Chronic Venous Disease and Cardiovascular Disease

G. Camporese (*Padua*)

- Early-stage therapy

S. Giancesini (*Ferrara*)

15.30 – 16.00 *Discussion*

16.30 – 18.00

SESSION 5

Imaging, High Intensity Focus Ultrasound and Augmented Reality

President: **P.G. Bianchi** (*Mestre-Venice*)

Moderators: **P.L. Antignani** (*Rome*), **G. Camporese** (*Padua*)

Standardization of Documentation for great saphenous vein treatment

E. Mendoza (*Wunstorf-D*)

- The Anterior Saphenous Vein Anatomy

A. Caggiati (*Rome*)

- 3D Duplex Ultrasound imaging: how can be useful in the clinical practice?

E. Cervi (*Brescia*)

- Postoperative Duplex Ultrasound findings: we need to standardize the reports

P. Pavei (*Padua*)

- High Intensity Focus Ultrasound (*HIFU*): short-mid-term results

G. Stalnikiewicz (*Wambrechies-FR*)

- Augmented Reality e Virtual Reality in Medicine

L. Palombi (*Mestre-Venice*)

- Augmented and Mixed Reality: present and future in clinical practice and training

F. Maccaferri (*Florence*)

17.45 – 18.00 *Discussion*

18.00 END OF DAILY WORKS

Vein in Venice 2024

Saturday, April 20

Meeting Room 4

h. 9.00 – 10.30 **SESSION 6** **Pelvic Congestion Syndrome**

President: **M. Whiteley** (*London-GB*)

Moderators: **P.L. Antignani** (*Rome*) **L. Palombi** (*Mestre-Venice*)

LECTURE: Pelvic congestion Syndrome and Venous disorder -

M. Whiteley (*London-GB*)

- Management of the patient (Union International Phlebology consensus) **P.L. Antignani** (*Rome*)
- Pelvic varicose veins embolization - **F. Farneti** (*Treviso*)
- Stenting procedure for Pelvic Congestion Syndrome- **S. Vagnarelli** (*Rome*)

10.10 – 10.30 *Discussion*

10:30 - 11:00 - **Coffee break**

h. 11.00 – 13.00 **SESSION 7** **Recurrency today: how to treat?**

President: **E. Mendoza** (*Wunstorf-D*)

Moderators: **S. Bartoli** (*Rome*), **Martinelli** (*Mestre-Venice*)

What is the real impact today? literature review

P. Pavei (*Padua*)

- Traditional surgery
- Cyanocrilte Glue Occlusion
- Endovenous Thermal Ablation
- Ultrasound Guided Foam Sclerotherapy
- High Intensity Focused Ultrasound

S. Bartoli (*Rome*)

D. Kontothanassis (*Padua*)

J. Szczepanski (*Osielsko-PL*)

V. Ferreira (*Espargo-PT*)

R. Rodriguez Carvajal (*Malaga-ES*)

12.00 – 12.30 *Discussion*

13:30 - 14:30 **Lunch time**

h. 14:30-16:00 **SESSION 8** **Aesthetic phlebology and microcirculation**

President: **S. Giancesini** (*Ferrara*)

Moderators: **P.G. Bianchi** (*Mestre-Venice*), **F. Martinelli** (*Mestre-Venice*)

- Micro-foam sclerotherapy vs liquid sclerotherapy for spider veins- **G. Quarto** (*Napoli*)
- Polidocanol, hyperosmotic solutions or Sodium Tetradecyl Sulfate (*STS*). How to choose the solution best suited to our needs? - **K. Bozkurt** (*Istanbul-TR*)
- Yag-Laser combined with injection sclerotherapy in the treatment of reticular veins and telangiectasis (*CLaCS*) **S. Giancesini** (*Ferrara*)
- Carboxitherapy in Phlebology: a functional and aesthetic therapy **A. Crippa** (*Dolzago-LC*)
- The effects of the "physical vascular therapy" on the stimulation of the vasomotion of precapillary microvessels **F. Galvanin** (*Barbarano-BS*)
- Endoperivenous Laser treatment in the treatment of reticular and spider veins **L. Palombi** (*Mestre-Venice*)

15.30 – 16.00 *Discussion*

18.00 ECM QUESTIONNAIRES

18.30 CLOSING OF THE MEETING

Vein in Venice 2024

NO

ECM

Friday, April 19

Meeting Room 2

h. 10.15 – 11.00 **WORKSHOP** **Cyanoacrylate Glue Occlusion**

-Introduction: Who made this glue? **P.G. Bianchi** (*Mestre-Venice*)

-Round Table with glue specialists Tip&Tricks

Perforator Glue Occlusion (*P.G.O*)

Short Saphenous Vein- Glue Occlusion

Glue Direct Injection

P.G. Bianchi (*Mestre-Veni*)

B. Ziani (*Mestre-Venice*)

C. Baraldi (*Catanzaro*)

h. 11.30 – 12.15 **WORKSHOP** **Laser 1900 nm and Total-EVLA** (*Endovenous Laser Ablation*)

Introduction: **L. Palombi** (*Mestre-Venice*)

Results at 2 years follow-up with laser 1900 nm and a new optical fiber **L. Palombi**(*Mestre-Venice*)

Total EVLA (*Endovenous Laser Ablation*):

L. Palombi(*Mestre-Venice*)

Discussion

h. 14.30 – 15.15 **WORKSHOP** **Rotational MOCA** (*Mechanical Chemical Ablation*)

Introduction: **F. Martinelli** (*Mestre-Venice*)

How to use it (*IFU-istruzioni per l'uso*)

Tips&tricks

Discussion

F. Martinelli (*Mestre-Venice*)

M. Mirandola (*Peschiera del Garda-VR*)

h. 16.00 – 16.45 **WORKSHOP** **Imaging: new technologies in vascular practice: the handheld wireless ultrasound , an ergonomic and qualitative approach**

Moderator: **F. Busato** (*Mestre-Venice*)

Introduction: The future of smart devices is portless

Clinical applications

F. Martinelli(*Mestre-Venice*)

R. Parisi (*Venice*)

h. 17.00 – 18.00 **WORKSHOP** **Medical therapy for endothelial dysfunction**

Moderator: **G. Quarto** (Napoli)

Endothelial defunction: Chronic Venous Disease and Cardiovascular Disease **G. Quarto** (Napoli)

Clinical point of view: the importance of timeliness

F. Dalla Valle (Padova)

Vein in Venice 2024

NO

ECM

Saturday, April 20

Meeting Room 2

h. 09.15 – 10.00

WORKSHOP

For good results you need a great TEAM. Villa Salus Foundation.

Introduction: **M. Bassano** (*Mestre-Venice*)

Model and organization of a high-volume center for the treatment of Venous Disease.

M. Bassano, P.G. Bianchi, A. Chiappetta, M. Rebonato, D. Bovolenta (*Mestre-Venice*)

h. 10.15 – 11.00

WORKSHOP

Elastic Compression and Braces

Introduction: **G. Avruscio** (*Padua*)

Elastic compression post-varicose veins procedures: what are the indications? **A. Poretto** (*Padua*)

Compression brace for venous disease. Hands on it.

G. Avruscio (*Padua*)

Discussion

h. 11.30 – 12.15

WORKSHOP

Aesthetic Laser 980 nm and Endoperivenous treatment

Introduction : **M. Rebonato** (*Mestre-Venice*)

Transdermal Laser Treatment of spider veins

L. Palombi (*Mestre-Venice*)

980 nm laser endo-perivenous treatment of lower limb reticular veins and telangiectasias.

Technical notes.

L. Palombi (*Mestre-Venice*)

Discussion

h. 14.30 – 15.15

WORKSHOP

Vascular physical therapy with electromagnetic field for the treatment of microcirculatory dysfunction

Introduction: **F. Galvanin** (*Barbarano-BS*)

How does it works?

F. Galvanin (*Barbarano-BS*)

There is therapy in the early-stage (CEAP C0-C1) of Cardiovascular Diseases (CVD) ?

E. Cervi (*Brescia*)

The effects of the "Physical Vascular Therapy" on the stimulation of the vasomotion of precapillary microvessels –

F. Galvanin (*Barbarano-BS*)

Discussion

Vein in Venice 2024

NO

ECM

Friday, April 19

Meeting Room 1

17.00 – 18.00

PANEL DISCUSSION

The use of PhotoBioModulation therapy (PBM) in Regenerative Medicine

Moderator: **F. Bassetto** (*Padua*)

Effects of Photobiomodulatory therapy in Regenerative Medicine.

F. Bassetto (*Padua*)

The use of a new device for photobiomodulation treatment.

A. Maccio' (*Savona*)

Saturday, April 20

Meeting Room 1

h. 14.00 – 15.00

Scientific communication: case series

Bio-Photonic therapy in Regenerative Medicine

Moderator : **G. Avruscio** (*Padua*)

Venous and arterial ulcer

A. Poretto (*Padua*)

The treatment of difficult-to-heal vascular lower limbs wounds is still an issue. Can the Bio-Photonic therapy be an effective option? A new device.

L. Palombi (*Mestre-Venice*)

GENERAL INFORMATION

SCIENTIFIC BOARD

Dott. Pier Giovanni Bianchi, Dott. Luca Palombi e Dott. Fabio Martinelli

Advanced Phlebosurgery and Angiology Service – General Surgery Division

Villa Salus Foundation, Villa Salus Hospital Mestre-Venice

FREE COMMUNICATIONS

Participants are invited to submit one or more communications on the following topics:

- Surgery of varicose veins of the lower limbs
- Venous stenting
- Vascular imaging (in the field of venous pathology)
- Treatment of skin ulcers of venous etiology
- Medical therapy in the phlebological field
- Case report or case series in the phlebological field

Communications must be written using the Abstract Form. It is possible to find the Rules for compilation in the website. The Abstract must be sent as .doc file, by March 15, 2024, at veininvenice@gmail.com.

The 3 best Communications will be converted into Reports and presented in a plenary Session. All accepted Communications will be reported in the Book of Abstracts.

ABSTRACTS BOOK

The abstract book will be written in PDF format with an index linked to the articles.
A QR code will be created to download the abstract book in PDF format. You can find the QR code on the last page of the program. To allow immediate scanning, it will also be present in small A4 posters displayed on the secretariat table.

OFFICIAL LANGUAGE

English is the official language of the congress. Reports and slides should be presented in English
Duration of reports: 7 minutes + 5 minutes for discussion

SIMULTANEOUS TRANSLATION

An English *versus* Italian simultaneous translation service will be provided in Room 3 for Plenary Sessions

CONGRESS VENUE

NH Venezia Laguna Palace
Viale Ancona, 2 – 30172 Venezia-Mestre

REGISTRATION FEES

The Organizers of the 1st Edition of this International Event have established:
Participation: free
In order to encourage the participation of doctors of all specialties

PROVIDER (282) E SEGRETERIA ORGANIZZATIVA

gestione congressi srl

G.C. Congressi

Via P. Borsieri 12-00195 Roma

Tel.06/3729466; Fax: 06/37352337 - E-mail: segreteria@gccongressi.it
